Nearby are lots of great restaurants and pubs and Fulham has excellent tube and bus links to take you quickly to other parts of London. The space The cosy bedroom, with its private shower and WC, is set slightly apart from the rest of our home, offering an extra sense of privacy. The room has a small double bed, a wardrobe and a television. Although the shower is new and powerful, people of wider girth may find the space a little constricting! We provide towels, bedding and will give you a set of keys. We always try to be very flexible about a check-in times. Guest access Breakfast of cereals, fruit, toast and jam is offered in the kitchen/living area – or in good weather you may want to sit outside on the roof terrace. Guests are also welcome to help themselves to tea and coffee and to use the microwave. During your stay As we often work from home, one of us is usually on hand to offer advice on the local area and places further afield. We enjoy meeting new people and are used to hosting people from abroad. We'll be happy to help you plan your stay so that you make the most of your time in London. Neighbourhood overview Kings Cross is the most happening, trendy part of London and we are a buzzing community. Since the Eurostar was relocated here a few years ago, the whole area and the canal has had millions of £'s worth of investment. New theaters, bars, restaurants, shops and homes. Locally, there is lots to do. Camden (20 minutes walk by canal) and Angel (Chapel Market – 5 minutes walk) are very close by with great bars and restaurants too, swimming pool (200m walk along the road), The Canal Museum, St Martins Art College and Kings Place (a concert hall complex with music, comedy, art and drama performances) and Granary Square. The British Library and Francis Crick Institute are 7 minutes walk

Getting around You can get everywhere easily from Kings Cross. Numerous tubes, trains, buses, City bikes stand (30 seconds away).

Brixton Brewery Tap Room and Jefferson's ice-cream parlour are only 2 mins walk and with the fabulous Brixton Village/Pop just 3-4 mins max, you'll be spoilt for choice with eateries, coffee shops, bars and a fine Ritsy cinema. entered through the left door of two and into the hallway. The 2nd door on your right is the bathroom etc and 2nd door on the left is your room. Guest access Access is from the front door. I will meet you or leave a key the location of which will be communicated . You may access the hallway, guest room, bathroom The organ and piano room is accessible but by arrangement and is a lovely room for reading in too. During your stay Texts are best but call if more necessary. Knock on my door if urgent. Saying hello after a day out happens naturally if we're both indoors and if not I will check in via the app or vice versa. Other things to note There will be a kettle in the bedroom, for tea and coffee but there are coffee shops so close by also. 1 minute away. This is a basic package with some redeeming features. Additional guests are sometimes possible but sometimes not. The additional cost per night will be 50% the amount of the fee paid by the guest that booked the room. 1+0.5 No access to kitchen No access to the living room - my space. No access to garden but the best view There's a venue next door under the arches and we can hear the beat of the music in the flat but that would be Thursdays and rarely happens only til midnight (not 3am like on Fridays). You might think about ear plugs just in case. This is Brixton. Parking is booked and paid via an app. If you need any clarity then do let me know and I shall endeavour to rectify anything unsatisfactory.",

From Heathrow, you can take the tube Piccadilly line direct to Kings Cross (about 1.25 hour). You can also take the Heathrow express or a

walk to regents park. You will also be close to all the attractions on Baker street and about 5-10 minutes from Marylebone tube station. The space I've uploaded a picture of the floor plan so you can understand the sleeping arrangements. The hall and bathroom are shared, I sleep in the bedroom and the living room/kitchen is the area that you will be occupying. I don't cook so i have no need for the kitchen but on some occasions i might want to make a cup of coffee but will otherwise try to never go into your space. Depending on the length of your stay, I always have a cleaner come in between hosting new guests but if you stay within an extended period the cleaner will need to come into your space once a week. The bed has Egyptian cotton sheets with hypoallergenic pillows and duvet, spa like towels and toiletries are provided and i have high speed internet if you will need to work. Guest access You will have access to the entire flat, the only shared space will be the hall and bathroom. During your stay Your welcome to email me and after the booking i can give you my mobile number. I'm home part of the time but I try and stay out of your way so you have your privacy, but I'm more than happy to have a chat if you would like to socialize a bit. I still keep in touch with several of the people that have stayed with me in the past and i really enjoy hosting and making your stay as comfortable as possible.",

  "description": "I love my flat and so will you. In the heart of Camden you get access to all the best parts of London. The transport is literally amazing with three choices of trains and more buses than I can count, you can bicycle down the canals or Uber taxi if you're feeling lazy. But I suggest walking to the beautiful Primrose Hill Skyline or relaxing in Regent's Park before eating in the famous Camden Market. You can skip to central London's Soho in 30mins if your not to full. So stop and look no further.xThe spaceWhat you see is what you get. This is a very comfortable cheap bed in Camden with a lovely shower room and toilet. Perfect for a short stay.Guest accessWhat you see is what you get. You have all the essentials in your room, TV with bbcand itv ip players plus Netflix.... Kettle, toaster, microwave, fridge, hairdryer, plates, cutlery, glasses cups is all yours but The toilet/shower is sharedYou have plenty of bars restaurants pubs and cafes in the area. We have very good wifi.... Wi-Fi box in your room. Details on the back. Please don't switch it off other wise me or the other guest won't get internet!! XBelow are the names and addresses of some highly recommended places to go in Camden for food and drink. For anything else please don't hesitate to call me on my mobile.Please relax, enjoy and have fun. All I ask is that you clean up after yourself so the room is as you found it. Thanks. I do music @ theholeofmark dot com"The Colonel Fawcett" pub opposite does good enough pizza and has 99 different Gins. "The Prince Albert" take a right out of the flat, a left at the end of the road and it's just down the road on the right. Great food and plays Irish Music on Sunday eve. "Casa Tue" right out of the flat, rights at end of road, then on the right. A dreamy cafe with cocktails in the evenings. For breakfast I recommend the "Big John" There is a great Italian next to Camden Rd Tube and Opposite."Hook" for fish and chips on Park Way which after Camden Town tube stations. late drinks there is the "Dublin Castle" all the "blues kitchen" or "the elephants head" You need to get there before 12 stay in there till 2 am for the Dublin Castle. I think will let you in even at 1 am.if you need to ask more questions please do.During your stayI am totally available, or not if you want.... I'm a pretty friendly guy. We can go for a pint but of course I am also up for having time to myself if you are also up for that. Pretty chilled.Other things to noteYour private room has everything you need.     "description": "A beautifully light bedroom. Property is newly refurbished throughout and continuously updated. Bathroom is located next door with choice of shower or bath. Easy access to the kitchen with ample scope for you to cook up a delicious meal. Kitchen is well equipped with the skylight letting lots of natural light in. Living area has a 55" Ultra HD TV with Netflix. The Swyft sofa is comfortable and fits 3 people. The dining area fits 6 people along a glass topped hard wood table. The space This is my home and I've designed it with comfort in mind. I prefer a more minimalistic styling and am very keen on dark wood and glass, which you will see are the predominant materials used. Your room is designed to be a home from home with ample storage and decorated with beautiful detailing. Guest access You can access the entire communal parts of the property. You will have a dedicated login on my iMac also, should you require computer access. During your stay If you would like to socialise, I'm very open to this. I've lived in London the majority of my life so know my way around and can give you plenty of advice no matter what you enjoy! However if you want to keep yourself to yourself - don't worry! I'm easy for that too. Other things to note George, my little cockapoo (dog) , and I are in the other bedroom at the front of the apartment. George does like to say hello so this probably isn't the space for you if you have an aversion to dogs.",

We have a few personal belongings that are locked away but a small amount, mostly our music gear, remains in the lounge. However, there is still plenty of storage for our guests. To quote one of our guests, \"The place is centrally located just at the edge of Westminster area. So if you are here for a holiday this is the place to be. Also Kings Cross St Pancras is the station to connect you to all the airports on a direct route without train changes and is about 5 min walk\", Sumeet Mahajan, 22nd March 2017

Key box check-in. All areas professionally cleaned and disinfected prior to check in. We advise you to arrange travel insurance to cover any unforeseen circumstances. **PLEASE NOTE**-Check in not possible on 25th, 26th December & 1st January

Guest access Guests have access to the main reception kitchen/dining area/lounge on the ground floor, the hall, stairs, the Main (shared) Bathroom, Terrace Room & Terrace. The house is in a gated mews and also has a communal garden which guests can use. During your stay We always love to interact when possible if we have time or when our guests have time. In general we find most guests prefer to do their own thing as they are so busy enjoying Central London Life and having fun. We are available by phone, What's App or text.

Other things to note To enable you to have the best 5 star experience, you agree to housekeeping services entering your room at the co/hosts discretion (e.g, changing towels, bedding, bins and other room maintenance like smoke alarms) but unfortunately, we don't provide a DAILY room service. If you leave a door or window open when you leave the house, we will enter your room to close/lock it to keep the house secure.

BAG STORAGE & TRANSPORT LINKS You can check in between 12 noon -12 midnight hours. Check out by 1100am. If you need to store your luggage, there are luggage storage facilities at Kings Cross station & all other mainline stations. If you are flying into Gatwick or Luton, the 'Bedford' train line runs from Brighton to Bedford and back stopping at Gatwick, St Pancras (Kings Cross), and Luton. Unlike the Gatwick Express which goes to Victoria, this train from Gatwick direct to St Pancras is cheaper. If you have an Oyster card or 'contact less' debit card it is even more cheap. From Heathrow, you can take the tube Piccadilly line direct to Kings Cross (about 1.25 hour). You can also take the Heathrow express or a bus to Paddington and then take the Circle Line to Kings Cross.

We welcome all guests 18 years & over. Our home is a shared house so, obviously, not wise, correct or proper for children/minors up to the age of 17, to share facilities, including bathroom with adult strangers. This rule is also for the comfort & piece of mind of our other guests.",

BAG STORAGE & TRANSPORT LINKS You can check in between 12 noon -12 midnight hours. Check out by 1100am. If you need to store your luggage, there are luggage storage facilities at Kings Cross station & all other mainline stations. If you are flying into Gatwick or Luton, the 'Bedford' train line runs from Brighton to Bedford and back stopping at Gatwick, St Pancras (Kings Cross), and Luton. Unlike the Gatwick Express which goes to Victoria, this train from Gatwick direct to St Pancras is cheaper. If you have an Oyster card or 'contact less' debit card it is even more cheap. From Heathrow, you can take the tube Piccadilly line direct to Kings Cross (about 1.25 hour). You can also take the Heathrow express or a bus to Paddington and then take the Circle Line to Kings Cross. We welcome all guests 18 years & over. Our home is a shared house so, obviously, not wise, correct or proper for children/minors up to the age of 17, to share facilities, including bathroom with adult strangers. This rule is also for the comfort & piece of mind of our other guests.",

  "title": "Unique Notting Hill Studio",
  "description": "This sweet studio is on the top floor (4th) of a beautiful house, in the heart of Notting Hill. This studio has an open plan kitchen with hob, refrigerator and a shower room with power shower. It has a TV and wifi. In June 2023 we overhauled the water system in the building, increasing the capacity and reliability of the system. The space: The studio is self-contained, you have your own bathroom and kitchen. The bed is of single size and all linen and towels are provided. If you are looking for a pied-a-terre, an overnight stop off or a London hide-away, this is the place for you! Guest access: We use a keyless entry system for check-in, more information regarding this will be sent to you upon booking your stay. Alternatively, physical keys can be arranged for lockbox collection - if you require physical keys please do let us know in advance. Please note that there is no elevator in the building. Other things to note: You should always check your Airbnb messenger thread as this is how we communicate with our guests. To access the building, you will need to download the App KLEVIO and share your email address with us, this will enable us to send you an electronic key, you will then be able to open the building door and your apartment door. The washer/dryer is communal and situated in the basement of the building. There are hours within which it cannot be used, these are clearly signed on the door. Please note there is no elevator in the building. A travel cot and high-chair can be added to the room if you require it.",

You use a semi private entrance shared only with 1 other guest if we have one and our kids when they're back from uni. We use another entrance. There is an outside space with table and chairs right outside your room. Note that Bathroom is shared with 1 more guest. We have a mad cute cat that moves freely in the house. one rule, no shoes inside. Leave them in hallway please. Never in the room. The spaceThe room is quiet as backs to gardens and private and is in the basement of our house with its semi private entrance and your own little patio. The basement entrance to the house is only used by guests (and our teen kids if they're home from uni) So Will feel like a private entrance. The bathroom is lovely with a great shower and is on the same floor as your room. The bathroom is shared. However, we do have another bathroom that we also use so will feel very private most of the time. If you stay for a week or longer you can use our kitchen to prepare light meals.Guest accessThis is a no shoe household so we expect you to take your shoes off in the hallway and leave them there until you go out again. Sorry, Swedish household so please follow this one rule. Access is just your room and bathroom which is all in

During your stay we do not normally interact with our guests much so you can be as private as you want. we are super friendly and helpful should you need anything though. we are only upstairs so very near. Other things to note we have a cat and no shoes are allowed in house. and no smoking at all please.",

    "description": "We are a family who loves travelling and we are occasionally renting our living room to help people explore London. It can be a short let or weekends stay. Our LIVING ROOM (which will be your private room) is suitable for 2 people happy to share the sofa. I also have a comfortable bed mattress that I can add for the 3rd person. Kitchen area is available and there is a toilet downstairs and a bathroom upstairs. 2 NIGHTS MINIMUM. We provide bedding, towels and if you need anything else and we've got it- you can have it too- just ask. The living room is quite big with a huge sofa bed, that can accommodate 2 people (family or close friends that don't mind sharing a bed) and I can add an additional single mattress (memory foam, thick; very comfortable) for the 3rd person. Any questions- please ask so both sides can have a good experience. We are looking forwards to have you as our guests :) Just a note: Our place is more appropriate for those that want to do lots of sightseeing and just need a cosy place to come back to for the night. Guest access: Kitchen with all the utensils, bathroom and toilet, balcony. Once you are with us we will limit our access to the living room to give you as much privacy as possible. During your stay we are more than happy to support you with plans how to explore London. Again, any more questions - please ask. Just a note- due to my job sometimes I'm not able to pick up the phone or respond straight away. I will respond as soon as possible. Other things to note: The price is per person per night and then every additional guest pays extra. Please take this into consideration. Thank you. We are not charging for children up to 8 years old so only place the booking for adults and let us know if any children are coming with you. When leaving our property - just lock the door and throw the key through the letter hole.",

    "description": "Private bedroom in a 1370 Sq ft 2bed loft apartment converted from a former printing factory situated in a secure peaceful development in Dalston. Spacious south facing roof terrace with views over the city. Excellent transport links nearby.The spaceLovely double bedroom in Dalston loft conversion with roof terrace and great views of the city. The main space has a large dining area leading to the lounge in the tower which have very high ceilings. The communal space is also used by the owners to run their botanical business (Botanical Boys) so we may have a few bits n pieces on one end of the table at times. However, this does not prevent people from using the space. The cat is 100 years old and likes to sleep one end of table, she has really funny sleeping habits.Guest accessGuest are free to use the kitchen , dining room, lounge & roof terrace. All we ask is that no red wine to be placed or drank near the two brightly coloured sofas. Upstairs mezzanine is strictly private owners space and guests are not to use that space.Use of roof terrace in warmer months but we ask you to keep noise levels low and no partying is allowed or loud music on the terrace. We want to respect our neighbourhood from any excessive noise as it's a courtyard sounds echo so please be mindful of this. After 11pm we ask noise levels are kept low on the terrace.Other things to noteWe use our small entrance hall as a storage space so on entering there will be some packaging/ boxes on the sides but this does not restrict your access.As with most old warehouse and factory conversions there's not any lifts. Our flat is located on the second floor. So be prepared to climb x3 sets of stairs. If your requiring assistance with your bags let us know if we are at home come your arrival can help you upstairs with your bag.Washing machine use: we allow a guest to use washing machine on the economical settings only. Please ask us to show you first before using it.",

  "description": "Live in a Luxury London Landmark. The multi award-winning Strata Building is based in the vibrant and central Elephant & Castle district. This modern and clean apartment is high up the building with fantastic views towards London's West End & Southbank .- Just across the road from a Zone 1 Underground & Thameslink Rail Station- Walking distance to Borough Market, London Eye, South Bank, Shakespeare's Globe, Waterloo- 24 Hour Concierge- Supermarket and restaurants within 1 min walkThe spaceStrata SE1 is one of London's tallest residential buildings. It's visible and recognisable from across London. [Search #stratase1 on Insta for more pics of the building and the surrounding area!]The flat itself is modern, comfortable and homely. I've worked hard to make it an inviting, cheerful and relaxing place to be when I'm staying here. I love the apartment as you can see some of London's main landmarks from the floor to ceiling windows while still being right in the middle of it all. The financial heart of the City of London is just three stops away on the tube while the buzzing nightlife of Vauxhall, Southbank and even the world famous Ministry of Sound is no more than a walk away. I hope you will enjoy staying here as much as I do. The apartment is bright and sunny all day long and the open plan living area creates a relaxed, sociable feel. It has a very comfortable sofa and a large screen smart TV, so you can relax at the end of a long day. The modern luxury kitchen comes fully kitted out with all the pots, pans, crockery and glassware you could need and has a dishwasher to effortlessly clean it all up when you are done - please feel free to make full use of everything. You will also find a Nespresso Machine and a couple of coffee pods waiting for you when you arrive to give you a kick start to your London experience. The bedroom has a very comfortable double bed and you'll arrive to freshly laundered sheets and pillows. If you are staying for a while, you will also appreciate the large closet space that is built into the wall. As you lie in bed, you can see the stunning views of London from the floor to ceiling windows; fall asleep to the whole city in front of you! The bathroom is spacious and very bright. I will supply you with fresh clean towels and an amenity kit in case you have forgotten to pack anything. If you have a third person staying, there is a

comfortable rollaway single bed, duvet and sheets also available. As the building was designed to be very efficient, the apartments inside here can get a little hot sometimes, perhaps the building is too efficient! To help make your stay more comfortable, a portable air conditioner provided for your use year-round. Here for work? No problem. The dining table regularly doubles up as a working desk, there is another in the bedroom, and the flat has fast (50Mbps+) wired and wireless unlimited fibre-optic broadband internet. Guest access When you arrive for the first time, checking into the apartment is effortless. If I am available I will meet you, otherwise, just head over to the 24 hour concierge desk, they will have been told to expect you. Just show them your ID and then they will send you up to the apartment. There is a new public gym and swimming pool around a 1 minute walk away. Other things to note If you have an extra guest coming to stay, there is a single rollaway hotel style bed available that fits in the living room. Please let me know beforehand that there will be an extra person so I can make sure that the single bed sheets are prepared for you. There is a £15/night charge for the 3rd guest.",

  "description": "This studio has been newly decorated and it is on the top floor (4th floor) of a beautiful house, in the heart of Notting Hill. This studio has an open plan kitchen with hob, refrigerator and a separate shower room with a power shower. It has a TV and wifi. In June 2023 we overhauled the water system in the building, increasing the capacity and reliability of the system. The space is self-contained, you have your own bathroom and kitchen. The bed is of single sized and all linen and towels are provided. If you are looking for a pied-a-terre, an overnight stop off or a London hide-away, this is the place for you! Please note this studio is on the 4th floor. Please note that there is no lift in the building. Guest access We use a keyless entry system for check-in, more information regarding this will be sent to you upon booking your stay. Alternatively, physical keys can be arranged for lockbox collection - if you require physical keys please do let us know in advance. Please note that there is no elevator in the building. Other things to note You should always check your Airbnb messenger thread as this is how we communicate with our guests. To access the building, you will need to download the App KLEVIO and share your email address with us, this will enable us to send you an electronic key, you will then be able to open the building door and your apartment door. The washer/dryer is communal and situated in the basement of the building. There are hours within which it cannot be used, these are clearly signed on the door. Please note there is no elevator in the building. A travel cot and high-chair can be added to the room if you require it.",

  "description": "A large double room in a great central London location, with a village feel.10 minutes from Eurostar, 5 from Islington, Angel Tube and 30 minutes walk from Shoreditch, Covent Garden, The British Museum, St. Paul's Cathedral, Tate Modern, Borough Market and so much more!The spaceMy house is in a great central London location but also really quiet with a village feel. The house itself is a genuine Georgian townhouse in Islington with its own private south facing rear garden and secluded patio. Double doors from the spacious kitchen open onto a small balcony on which you can dine or enjoy

```

a drink overlooking the garden and patio below. The double bedroom is spacious with plenty of room for your luggage and any purchases you may make. For friends sharing there is a single bed that can be utilised in addition to the comfortable double bed. You can get to anywhere you want to in London really easily. I'm within a stones throw of Angel tube underground station, a short walk from St. Pancras International, Kings Cross and Euston stations. The bus network is brilliant and easy and a great way to see London. Alternatively bike hire is a great option. There are at least 2 bike stations with bikes always available less than a 100 metres from my front door. I would also recommend exploring on foot. Within a short walk of my house, Islington High st, Kings Cross Coal Drops Yard and Exmouth Market there are lots of coffee shops, bars, restaurants, and interesting shops. There are supermarkets at the top and bottom of the rd. and a coffee shop within 50 metres of the front door, there is also a deli on the street that does take away lunches and coffees. Please note that I have one friendly and well behaved cat so if you don't like cats or are allergic to them my house is probably not for you! Guest access You will be staying in a private room in my house with access to the rest of the house (apart from my bedroom) so you will really be staying in a friendly home rather than just a room. You are welcome to use the kitchen to cook, use the washing machine and enjoy my garden and living room. Since the pandemic I work sometime from the living room. Think of it as staying at a friend's house for a few days - enjoy yourself, enjoy my home but be considerate that this is where I live. During your stay I work from home and externally and will always get see you during your stay. If we're both around and you want to go out for dinner or for a drink locally or just share a bottle of wine in the house after a long days sight-seeing I can usually be persuaded. I'm often away at weekends particularly in the summer, so if you are happy to feed Sybil my lovely cat you may well end up having the flat to yourself for some of your stay. Sybil loves having visitors is friendly and chatty and very low maintenance. If I am always reachable if I am away during your stay.",

experience, you agree to housekeeping services entering your room at the co/hosts discretion (e.g, changing towels, bedding, bins and other room maintenance;) but unfortunately, we don't provide a DAILY room service. BAG STORAGE & TRANSPORT LINKS You can check in between 12 noon -12 midnight hours. Check out by 1100am. If you need to store your luggage, there are luggage storage facilities at Kings Cross station & all other mainline stations. If you are flying into Gatwick or Luton, the 'Bedford' train line runs from Brighton to Bedford and back stopping at Gatwick, St Pancras (Kings Cross), and Luton. Unlike the Gatwick Express which goes to Victoria, this train from Gatwick direct to St Pancras is cheaper. If you have an Oyster card or 'contact less' debit card it is even more cheap. From Heathrow, you can take the tube Piccadilly line direct to Kings Cross (about 1.25 hour). You can also take the Heathrow express or a bus to Paddington and then take the Circle Line to Kings Cross.",

    "description": "The spaceCentral London Zone 1 accommodation is expensive on all fronts, but just outside of the Zone 1 Financial District is fashionable Brick Lane, Shoreditch and Bow in Zone 2. My apartment offers spacious, warm and comfortable rooms with security lock, situated in East London E3 5PQ. Sheets and bedding are provided with fresh clean towels and complimentary tea, coffee and bottled water at hand. FREE strong immediate access unlimited WIFI connection plus multi channel TV for leisure time, in your room. The apartment is very close to local shops, supermarkets, coffee bars and restaurants, and exclusively positioned next to London's beautiful Victoria Park. – Victoria Park is ideal for jogging, relaxing walks or simply tea, coffee, or lunch at the Victoria Pavilion. Bow is also at the very centre of trendy London's East End, and is famous for its traditional pubs, unique cafes, restaurants and street markets. Brick Lane, known for it's famous Indian cuisine, Truman's Brewery Arts Spaces and Shoreditch's arty cafes and nightlife, are just a short bus hop away. Columbia Road Flower Market is also very popular with visitors to the area every Sunday. There is always something to see and do around locally. A cupboard in this room contains a water pump activated when the shower is turned on. The pump is NOT noisy but NOT ideal for light sleepers - the nightly rate for this room is reduced to reflect this. BUSES & TUBES : Other parts of London can be accessed easily from Mile End Tube Station (Zone 2) the best connected tube station in London and only a 15 minute walk away from the apartment. SHOREDITCH & WEST END OXFORD ST : Take the number 8 bus which stops right outside my apartment to Brick Lane Shoreditch and Liverpool Street in just under 10/15 minutes. The bus then continues into Holborn and Oxford Street (west end) taking less than 45 minutes. London's NEWEST stylish Westfield Shopping & Dining Centre is a must for all visitors to the UK and is simply a 15 minute ride away by taking the 339 bus, from close by my apartment. If you need The London School of Economics - the number 8 bus from outside my apartment stops close to the Holborn building a journey which takes approximately 30 minutes. The Kings College Strand Campus is then just a further 5 minute walk from Holborn. The Queen Mary University is just a short 15 minute walk from my apartment. AIRPORTS & TRAVEL : From Gatwick Airport take the Gatwick Express into London Victoria (30min) then the District Line Tube to Mile End Station (40min). From STANSTED Airport take the Stanstead Express into London Liverpool Street Station (40min) or the National Express A9 Bus into Mile End or Liverpool Street (1.5hr) Please see other links below for availability and prices Single Room https://www.airbnb.co.uk/rooms/547462 Double Room https://www.airbnb.co.uk/rooms/1571980 Kingsize Room https://www.airbnb.co.uk/rooms/575053 During your stay Available for support and advice on request JULY 2014 - BUES NO LONGER ACCEPT CASH",

    "title": "Colourful Eco Sanctuary Zone 2",
    "description": "This is a beautiful calm fresh double bedroom in a spacious homely peaceful apartment - a nourishing sanctuary and well located on the borders of much desired Stoke Newington, and offers a super comfortable stay in colourful London. The main bedroom available currently is beautiful and calming and recently redecorated in a refreshing blue. The hallway has also recently been brought to life through nourishing colour combinations that feel rejuvenating, welcoming and fun :)The spaceAre you looking for a nourishing home away from home where you can relax, be yourself, have your own space, and share communal spaces with friendly kind people? Then this is a beautiful colourful homely eco flat that just might be home for you!This home is for you if you:- want somewhere to come home to after exploring London or after work to relax and decompress- want a location that is close to lots of fun stuff, lots of nature stuff, but is also nice and quiet and safe.- if you like living in a home where people are mindful, considerate, kind, clean and friendly!- you need to be well connected to many different locations, perhaps including the city, via multiple easy transport options.- you are interested in sustainability and helping minimise climate change (eg washing on eco wash, composting, recycling)- you like dogs! (He is hypoallergenic and does not shed hair and super friendly). And accept that because he lives there, there are a few of his toys that he dots around the place and his food and water bowl, usually in the hall. He loves being stroked and is super calm and calming and lovable. - enjoy a characterful home[N. B This place might NOT be for you if:- You prefer to be at home during the day during the week (I work from home) more often than not.- you want a party flat- you are not keen on dogs- you prefer minimalism and more of an empty spaceIf this sounds good to you and your needs and plans for your trip then keep reading!! This is a beautiful spacious homely flat - a nourishing eco minded sanctuary.*FYI, I have a gorgeous loving friendly little hypoallergenic puppy called Freddie making this place his home also! (Fingers crossed fine for people like me with allergies normally!). He is a poodle whippet ("whippadoodle") and absolutely adorable! Our home is well decorated and I love making it homely fun and inviting. The space is well looked after and ready for your stay.The bedroom is a bright double that feels very peaceful and calm. There is plenty of storage, comfortable good quality orthopaedic mattress, a dressing table area, and useful foldaway desk.The whole apartment is quiet and sunny and often described as \"homely\" and \"a real sanctuary\" by visitors.The flat's communal living room space is a good size, beautiful, quirky, comfortable and peaceful and includes a dining area. It's a great place to come home to and relax in. The Kitchen has ample storage and nice fittings for foodies (massive Smeg fridge and 5 ring Smeg gas cooker). There is a lovely vista of the allotments right from the kitchen sink.The bathroom has a good bath (not just shower!) that gives great hot showers and baths. There is a window keeping it fresh and a useful dimmer switch allowing for calming bathroom visits :) There is a big balcony out the front, great for sunsets and sunrises and has the entrance access to the flat.There is also

```

a beautiful communal Wellbeing Garden right outside our building on the doorstep where we have communal gatherings as well as being able to chill with a picnic and a book. On it, there is a labyrinth, which is great to walk slowly and mindfully allowing your mind to unwind (not a maze!), a labyrinth is for wellbeing and has just one path..), communal seating, eating and planting areas (with free herbs and edible flowers) as well as space for bbq's and meditating/ yoga / tai chi etc. We also have a separate Allotment Garden for growing our own organic veg just outside, with a really friendly community. Over winter there are not tonnes of veg but some! If you are interested and want info on this I can give you details and access :) There is also an outside gym and a basketball court here available to use too as well as two other community gardens dotted around our buildings and some fantastic art murals to explore. The apartment is on the borders of Stoke Newington and Stamford Hill in N16 postcode, and is about 4 mins walk from Stoke Newington (Stokey) station. There are tonnes of lovely cafes, arty stuff especially on Church Street, and more dotted along whole road to Dalston where you will also find more bars and venue and trendy nightlife and cute independent cinema etc. Stokey is home to the only fully organic London market on a Saturday Morning, which has many a super delicious treat and a great community. There is a lovely community across this area (Stamford Hill / Stoke Newington) and it feels very safe. There is access to recycling and composting in the flat and block and I'm a big fan of using eco-type products and refills where possible (an awesome shop called Food For All nearby offers cheap refills of great eco cleaning products etc). If this home feels like a good fit for you, I'd love to hear from you. I am open to all enquiries and requests and may have some flexibility with dates and pricing - especially with longer term visitors. Thanks for reading! We hope to see you soon! Guest access You will have access to a beautiful double bedroom with plenty of storage, living room, balcony, hallway, kitchen and bathroom, as well as the communal Peace & Wellbeing Garden, outside gym and basketball court and other communal gardens (all for the community) just outside. During your stay I will be available to offer help throughout your stay - I also live in the flat. Other things to note I teach the Alexander Technique and have the occasional client/student at home and may need the living room - this is rare and I would give notice. I have another room that I also occasionally Airbnb out so be aware there may be another lovely guest staying. Thanks for reading and visiting my listing. We hope to make you welcome her very soon.
